The publishers will not hold themselves responsible for any error that may occur, beyond the amount charged for the advertisement.

Mr. Eliza Field, at the Mechanic's News Room, Boston, is Agent for this paper. Advertisements left with him will be immediately forwarded.

LORRAINE'S PILLS, OR VEGETABLE UNIVERSAL MEDICINE CURATIVE

OF THE

French College of Health, in Paris.

THE following letter was received yesterday by mail from Salem. It gives another evidence of the great success of Lorraine's Vegetable Universal Pills.

Sir—I have been for many years a sufferer from the ravages of Scrofula and Cancerous Humors, which at last seated on the vitals, and exhibited all the threatening symptoms of consumption. The general inability of all remedies awakened my enquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial. I sent to Boston and got a box. By the use of them I found immediate relief and was soon restored to a perfect state of health.

J. E. NEWHALL.

Salem, 21st May, 1841.

The following letter from J. B. Light, Esq. is worthy of notice.

Sir—I took one of Lorraine's Vegetable Pills last evening for a pain in my head, that had effected me for several days, occasioned by taking cold. I soon felt very calm, and quiet, and a state of general repose came on, which had great charms, and I enjoyed one of the most comfortable and refreshing nights rest that I ever did in my life. I rose in the morning in my usual state of health, and believe it is my duty to recommend this medicine.

J. B. LIGHT.

Nov. 20th, 1841.

[From Boston Daily Mail.]

Somebody wisely says, that a cap loaded with ewels and flowers will not cure the headache, nor gold chains prevent the consumption. Lorraine's Vegetable Pills have done both.

Sir—I have been effectually cured of a severe headache by the use of Lorraine's Pills.

SARAH NOYES.

Sir—My daughter had all the threatening symptoms of a Consumption, such as cough, pain in the side, &c., together with general debility, but has had her health restored by Lorraine's Pills.

Rev. J. KNIGHT.

New York City, Nov. 1, 1841.

Family Medicine.

Sir—I have used Lorraine's Pills in my family as a family medicine, and I would most earnestly recommend them to all persons, as the best medicine that can be procured. I would not be without them—they operate mildly, and never fail to give immediate relief. Until I used these Pills I was obliged to pay from 20m to \$100 per year for medicines and physicians; since then I have had no other doctor than Dr. Lorraine's Pills. JAMES NEAL.

Hartford, Conn. July 8.

Lame Back.

Sarah Snow was cured of a lame back in one day, when she had been unable to dress herself alone for two weeks.

Susan Jones of Boston, cured in 36 hours of lame back and side of three weeks standing.

Sick Headache.

Mrs. Bird of Providence says, that 'Lorraine's Pills have proved a real blessing to her. It has surpassed any thing that has been brought to the public notice. I have been cured of a sick headache that had afflicted me for years, by the use of Lorraine's Pills.

THE CONDITION.

The condition upon which nature gives health to man, is a watchful care to keep his stomach and bowels free from morbid and unhealthy accumulations. Lorraine's Pills admirably effect this, because they cleanse the bowels and purify the blood. The human body is always healthy when the bowels are regular, the blood circulates freely, and disease invariably commences when obstructions take place in the bowels.

The extraordinary virtues of Lorraine's Pills depends upon extracts of over 80 different vegetables, all so admirably combined as to purify, nourish and invigorate the human system.

For sale by G. W. HOLDEN, Bangor, A. B. RIDGWAY, Agent for the New England States, at 27 Cambridge Street, Boston.

Dec. 7, 1841.

SEBEC FACTORY.

SANDS' SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, NAMELY:

Scrofula, or King's Evil, rheumatism, obstinate cutaneous eruptions, pimples, or pustules on the face, blotches, biles, chronic sore eyes, ring worm or tetter, scald head, enlargement and pain of the bones and joints, stubborn ulcers, syphilitic symptoms, eczema, or lumbago, and diseases arising from an injudicious use of the mercury, scurvy, or dropsy, exposure or imprudence in life. Also, chronic constitutional disorders will be removed by this preparation.

The proprietors submit to the public the following certificate, from a highly respectable source, of a cure made by using their preparation of Sarsaparilla, which cannot but have the effect of placing beyond all doubt the curative powers of the medicine.

New York, August 3, 1842.

"Messrs. Sands—Gentlemen: Under a feeling sense of gratitude inherent to us all when suddenly relieved from suffering and disease, I now, as an act of justice due to you, and with a view of relieving the afflicted, make known to the world the inestimable benefit I have received from the use of your Sarsaparilla. In the year 1832 I sailed from England in a vessel bound for Quebec, and while on the passage first discovered the disease which after proved to be a sore affliction; and truly I can say, 'from the crown of my head to the sole of my foot there was no soundness in me.' From the time first mentioned down until the present, a period of more than ten years, I have suffered all that human nature was capable of bearing. I have been under the care of the most distinguished physicians both in this country and in England, visited Bath, Cheltenham, Bristol and Gloucester, tried various specifics, among others a large quantity of Swain's Panacea, used sulphur baths, &c. As a last resort I was induced to wrap myself in a tar ointment, keep myself secluded, shunned by all, myself also shunning. I was induced to believe my case a hopeless one.

In August last, by the advice of friends, I went to the New York City Hospital, but was there told that my case was incurable. The disease now enveloped my whole body, rendering me almost helpless; the skin thickened and cracked and blood and matter ran, and life itself became almost a burden. A few weeks since I was induced to use your Sarsaparilla by hearing it so highly recommended, having spent nearly \$3,000 without obtaining but little relief. After using it a short time, I found myself better, and now, by using six or eight bottles, costing me less than ten dollars, I am well. I certify and declare to the world, that after spending near \$3,000 in traveling and doctoring, and suffering more than can be told, I was perfectly cured by using your invaluable preparation of Sarsaparilla; and I now recommend it to all similarly afflicted. Those wishing to know further particulars will find me at my residence, No. 27 Warren street, New York, where I shall be happy to communicate any thing in relation to the above cure.

PAUL BURDOCK.

Prepared and sold by A. B. SANDS & Co. Druggists and Chemists, Granite Buildings, 273 Broadway, corner of Chambers street, New York. And for sale by Druggists throughout the United States. Price \$1 per bottle, six bottles for \$5.

The public are respectfully requested to remember that it is Sands' Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject, and ask for Sands' Sarsaparilla, and take no other.

G. W. LADD, Agent for this vicinity, and dealers will be supplied very low by the dozen. June 20—3rawd w3wif

KOLMSTOCK'S VERMIFUGE.

THIS remedy for worms is one of the most extraordinary ever used. It effectually eradicates worms of all sorts, from children and adults.

THOUSANDS perish by worms without the real cause being known. Some other reason is assigned for their sickness, until too late to cure the real cause.

What immense responsibility then rests upon the parent who does not know, and the doctor who does not understand, the complaint which is destroying those precious flowers of life—children.

What should be done?

The answer is plain. Give this vermifuge, which will be sure to do good, if they have no worms; and if they have, it will destroy and eradicate them with a certainty and precision truly astonishing.

It cannot harm the smallest infant or the strongest adult. There is no mercury or mineral in it. Mercury is the basis of most worm remedies; and the remedy is sometimes worse than the disease. So never use lozenges, but rely upon this. Every person will be convinced on one trial, that it is the most perfect cure ever invented.

The immense sale that this vermifuge has, is a sure test of its value and the estimation in which it is held by families. It would be quite too expensive to publish the volumes of certificates that have been given for this article, and the users of it are requested to spread the name to all persons whom they think may be benefitted by it.

Speak of it in all families, and you will do your duty to your fellow creatures, and feel assured of the approbation of all good men, and will receive your reward in heaven.

We call on all good citizens to make known the effects of this wonderful remedy.

Remember and ask for Kolmstock's Vermifuge, though Fabre's is supposed to be the same article: the one that has become known to you through the advertisement should be used, in justice to the proprietors.

Address COMSTOCK & CO., Wholesale Druggists, 71 Maiden Lane, New York.

For sale by G. W. LADD, West Market Place, G. W. LADD, corner of Smith's Block, A. P. GUILD, Exchange street, and N. B. FOLSOM, Jr., Bangor.

Schedules may be seen by calling on the Assignee. The Assignee is authorized to compound debts and claims due.

In every case the claim will be subject to all subsisting equities and claims in set-off.

HENRY V. POOR, Assignee.

Bangor, July 6, 1843.

ASSIGNEE'S SALE.

IN BANKRUPTCY:

BY virtue of a License from the Hon. Judge of the United States District Court for Maine District, the undersigned Assignee of the Estate of Nicholas G. Norcross in Bankruptcy, will sell on the SECOND day of August next, at the office of J. A. & H. V. POOR in Bangor, to the person offering the highest sum therefor respectively, certain parcels of real estate belonging to said Norcross's Estate, viz:

Part of No. 96 Holland's plan of Bangor, containing about 50 acres lying between the Webster farm and Hadlock farm, near Barkerville, together with the notes and bond of James P. Crocker, of New York city, endorsed and guaranteed by E. F. Howard for \$13,278.00, secured by a mortgage of said lot, given for the balance of the purchase money, May 25, 1836, with interest from said date. Said lot was sold for about \$15,000 at said time. It is laid out into building lots, has a good soil, and is very valuable for a farm if the purchaser so desires.

One half of 50 rods of shore in Eddington above the Mill Dam Company Mills, purchased of Stephen Grant by deed recorded in Penobscot Registry, Book 54, page 288.

One half of 50 rods of shore, bought of Benjamin Grant, deed recorded in Book 34, page 265.

One half of 50 rods of shore, bought of Benjamin Spencer, deed recorded in Book 34, page 266.

One half of 50 rods of shore, bought of Horace Spencer, deed recorded in Book 34, page 291.

An undivided half of 300 acres of land situated at the mouth of Little Schodico river upon Letter A, Range 7, conveyed by W. T. & H. Peirce, Feb. 28, 1833, deed recorded in Book 35, page 55.

An undivided sixth part of township No. 7, range 3, partly in the county of Penobscot and partly in the county of Washington, conveyed by deed of Wm. Ingalls, recorded in Penobscot Records, Book 60, page 323.

50 acres of land in Monson as the same was conveyed by the mortgage of Samuel Girrell, April 8, 1834, being lot No. 6 on the plan of Alexander Greenland in 1811, with the mortgage note.

The Grant House so called at Oldtown being the premises conveyed by Augustus Peabody to Norcross & Mason, Nov. 24, 1834, deeded by Thomas J. Grant in mortgage October 23, 1837, to secure the sum of \$2,300.00, by deed recorded in Penobscot Records, Book 94, page 193, now occupied by said Grant, together with the notes secured by said mortgage. (Henry Rice claims the premises by Levy of Execution thereon.)

Lot No. 70 in township No. 4, Indian Purchase, 200 acres granted to Mary Strout, Feb. 10, 1837.

Lot No. 72 in township No. 8, range 3, 200 acres granted to Sarah Fisher, Oct. 9, 1838.

Lot and house near Penobscot Mill Dam, being same described in Thomas Norcross's mortgage to Wm. Thompson, dated Dec. 3, 1834, recorded in Penobscot Records, Book 61, page 73, said mortgage being assigned by Thompson. Also Thomas Norcross's mortgage of same lot, dated Sept. 13, 1836, to secure note of \$503.04.

Persons desirous of purchasing the Assignee's title to any one or more of said parcels of land, will please furnish him sealed proposals therefor in writing, naming the bid for each parcel separately, on or before August 1, 1843. On the 2d day of August 1843, he will sell and convey each parcel to the highest bidder without reserve, for cash. The proposals must in each case be sealed and will not be opened till the time named.

Information in relation to said lands can be had by calling on the Assignee.

HENRY V. POOR, Assignee.

Bangor, July 7, 1843.

COPARTNERSHIP NOTICE.

THE subscribers would give notice that they have this day associated themselves in business under the firm of

SILSBEE, THURLOW & BARKER,

for the purpose of carrying on the milling, trading, and other business recently established by the senior partner in the town of Jackson, and are mutually responsible for all the contracts and obligations of the said Silsbee since the 20th of January last.

Their machinery is equal to the best;—lumber abundant and good; and Messrs Thurlow & Barker being mill-wrights by trade are determined that the work shall be faithfully and thoroughly executed.

Orders are respectfully solicited for Pine Shingles in any quantity; Bird's-Eye Maple; Deck Plank and other hard wood stuff, to be delivered at the mill or on the river.

Country Produce bought and sold.

Two notes of Moses Patten, consideration disputed, now in suit, about 3000.00 Note of Elliot Valentine and Albert Doie, about 150.00

Note of J. D. Wilson, about 1000.00 One third of Wm. F. Leavitt notes secured by mortgage 200.00

Sundry other notes and accounts. Also at same time and place the following Real Estate, belonging to same Estate, or so much of it as may be necessary to pay the liabilities of said Estate, viz—

All the title which said Estate has to about 200 acres of land, being lots 43 and 49, Holland's plan, in Bangor, being purchased of Collector for taxes of 1830 and 1831, time of redemption expired.

One undivided third part of 300 acres of land in township No. 6, 2d Range, north of Bingham Penobscot purchase.

One undivided half of 29 acres of land in middle division in Corinth.

One undivided half of 100 acres of land in Milo, being the Porter lot, so called.

One undivided half of 90 acres of land in Charleston.

One undivided fourth part of about five acres of land on northerly side of Carmel road, adjoining land of Asa P. Lancel.

One undivided half of water lot and wharf on Broad street with three wooden stores thereon, about 89 feet front—same now occupied by Isaac W. Patten and Samuel Thurston.

One undivided half of lot about 150 feet on Hammond street with two wooden tenements on same, opposite New Court House.

One undivided fourth part of lot corner of Union and Clinton streets, being about 263 feet on Union and 205 feet on Clinton street.

One undivided half of about 22 acres of land, being about 30 rods on Main street opposite the old burying ground, and extending back of Hillier's brick yard.

One undivided half part of water lot on Front st. 50 feet, adjoining Gould lot.

One undivided half of water lot 40 feet on Front street with Woodbury house, so called, and part of wharf and privilege of 16 feet passage way on the northerly side.

Sixteen lots of land in town of Patten, containing about 2500 acres, lotted for settlers.

About \$3000 of notes of settlers in said town of Patten, being given for land in said town, purchased by them and bonded. The land bonded will be sold with the notes, subject to rights of settlers to redeem said land.

The cooper's shop and water privilege situated in Levant village with the fixtures, now occupied by B. Garland, being same set off on execution.

Undivided fourth part of 275 acres of wood land in Carmel, being same set off on execution.

Undivided third of lots No. 8 and 9 in the Hammond tract, so called, in Lagrange.

The wooden house and lot on High street, about 120 feet on High street, being same now occupied by Joseph Palmer as a boarding house.

The brick house and lot on high street, lot 81 feet by 130 feet, the homestead, subject to life interest of the widow.

For further particulars relating to any of above property, call on undersigned any time previous to day of sale. Terms of sale Cash. Sufficient time will be given purchasers to ascertain the titles to above real estate.

DAILY WHIG AND COURIER.

JOHN S. SAYWARD, Editor.
FRIDAY, JULY 21, 1843.
FOR PRESIDENT.
HENRY CLAY,
OF KENTUCKY.
FOR GOVERNOR,
EDWARD ROBINSON,
OF THOMASTON.
SEE FIRST PAGE.

At the late commemoration of the University of Oxford it was intended to confer the honorary degree of Doctor of the Civil Law on our minister, Mr. Everett. When he was presented to receive it, some of the graduates and undergraduates, provoked at the idea of an Unitarian receiving the honors of that institution, commenced a disturbance in the house, which led to a breaking up of the convocation before concluding the intended performances. They subsequently addressed Mr. Everett disclaiming personal motives in their opposition; and they also protested in Latin against the conferring of the degree. The government of the University have taken the matter in hand and commenced the work of punishment against the offenders. An English paper expresses the hope that "the wrath of the States will be appeased by the sacrifice." The degree was however conferred but in a confusion that almost amounted to a riot. The disaffection was confined to the Puseyites who were much offended that one who entertained the independent views on religious matters that Mr. Everett did should receive the honors of their institution.

Barnard Slate.
The roofing slate brought to this market last winter by Mr. Evans from the Barnard slate quarry has, we are glad to learn met with a ready sale this season and wherever used has been much admired for its beauty and valuable properties as a roofing slate. Between two and three thousand dollars worth has been sold this summer for use in this city, at Belfast, Portland and some other places and we learn that arrangements are on foot to supply a slate yard in Boston so that the builders in that city, will, another season have an opportunity to select the Barnard slate, if they prefer it to the foreign, as we doubt not they will.

Our townsman William Woodman is making preparation in connection with Mr. Evans for getting out a large quantity of this slate the present season that the same may be brought to market in the winter and shipped early in the season. They will undoubtedly be able to furnish a good quality of slate in Boston market as low as that purchased from Wales.

An elegant article of flagging slate can be obtained at the Barnard quarries, and when they shall be brought to market we think they will be preferred for door yards to anything that has heretofore been employed for this purpose.

This slate business we consider an important branch of industry and the progress made in it now enables the operators to give good slate of uniform thickness and color and in quantities sufficiently abundant to meet all demands. We expect the business will annually increase until the foreign slate will not appear in the market.

Mechanics State Convention.

The Mechanics in every town in the State of Maine should so far as is practicable be represented in the State Convention at Gardiner on the 9th day of August next. Certainly every Mechanic Association should make the necessary exertions to be represented. These annual meetings of the Mechanics in this State may be considered in the light of an educational institution when the experience of each becomes the property of all and upon which is based future plans and efforts.

The approaching convention will be made interesting by an address from Mr. Ethue Borritt so widely and favorably known as the learned Blacksmith, and rapidly becoming known as a popular lecturer. Those in this State who have been long engaged in the labors of our Mechanic Associations will be present and the intercourse of such men cannot be otherwise than pleasant.

The time for the meeting of the convention is rapidly approaching and all arrangements in regard to it should be attended to without delay.

Accident.

As two ladies were riding down Hammond Street last evening in a single horse wagon the horse took fright and ran with great rapidity down the hill, until he came to the City Hall, when the wagon upset upon the side walk, throwing the ladies violently upon the ground. Their names we understand were Thompson and Spencer, the former of whom was badly injured, though not dangerously. Similar accidents are of frequent occurrence of late, and so far as we can learn are generally caused by driving the horse too rapidly when first commencing the descent at the top of the hill, these accidents should be a warning against such practices.

The Dover N. H. Gazette says there are more buildings erecting, and in progress of completion, in this village this year, than in any one year since the factories were put into operation. There are now upwards of fifty tenements under way, beside fourteen stores, one meeting house and numerous other buildings. Tenements are very scarce and not easily to be obtained, and all those partly finished, were engaged soon after they were commenced.

Green corn is plenty in the Baltimore market.

Public Library-Periodicals in Bangor.

At the last meeting of the Mechanics' Association, a gentleman presented a volume of the Bangor Daily Whig & Courier. This reminds us that the library of the Association contains several volumes of the Bangor Register-nearly an entire set and also volumes of some other papers published in this city. It is desirable that this library should contain, if possible, volumes of all the periodicals and newspapers that have been published in this city, and this we think can be accomplished if our citizens will take a little interest in the matter and hunt up their old files of newspapers and periodicals.

The newspapers that have been published in the city are, the BANGOR REGISTER the foundation of the present Whig & Courier office.

BANGOR COURIER, now published and has commenced the eleventh volume.

BANGOR DAILY WHIG & COURIER, published at the same office with the Courier, and is now on the ninth volume.

The PENOBSCOT JOURNAL, afterwards turned into the Eastern Republican and then died.

The EASTERN REPUBLICAN, published for a number of years.

The DAILY REPUBLICAN continued about a year.

The PENOBSCOT FREEMAN continued about a year, and then merged in the Commercial Advertiser.

The CLARION, a literary paper, published some two or three years and then suspended.

The YOUNG LADIES' ADVOCATE, published about six months and then died.

MECHANIC & FARMER, published four years and then suspended.

DAILY ADVERTISER published about a year, and was then merged in the Post.

The DAILY POST, from which sprung the present Democrat.

COMMERCIAL ADVERTISER, a weekly paper, published at the office of the Daily Advertiser.

BANGOR JOURNAL, a weekly literary paper-lived about a year.

MAINE MONTHLY MAGAZINE, a literary publication.

THE PEOPLE'S PRESS lived about a year, and then merged in the Daily Post.

THE DEMOCRAT, now in being, and has been published several years.

JACK DOWNING JOURNAL, two or three numbers published.

BANGOR GAZETTE, now on the second year.

DAILY GAZETTE, now on the first half year.

EASTERN ENQUIRER, but three numbers of which have appeared.

The above, we believe, comprises all the periodicals that have had an existence in this city. The list has been made up from memory, as all of them have been published during our residence in the city, about twenty-two years.

It is quite probable there are in the city, or vicinity, files of all these papers, and a collection of them would now be of considerable interest and would increase in value with increasing years.

The Mechanic Association that has been in existence about fifteen years may be considered as one of the permanent institutions of the city. They have accumulated a valuable library, and would be glad to have it increased by the addition of the periodicals named, or by donations of any other books or pamphlets that any one has to spare.

Mr. Murray, the eminent publisher, died in London, a short time since, in the 65th year of his age. No person has probably been the patron and publisher of a greater number of distinguished authors than he. Byron, Scott, Moore, Southey and a host of others almost as illustrious with whom he has lived on terms of intimacy and friendship, have found in him their best patron and supporter in their literary labors. He first gave their productions to the world and, "rewarded their genius more substantially than bookseller ever rewarded given before."

The Harrisburgh Union says that Mr. McClure, a clerk in the executive department, has been turned out, and intimates that the cause was of his being in favor of Mr. Buchanan.

The General Council of education in Switzerland, has forbidden the several faculties to smoke.

An Imperturbable Rogue.

One day last week, one of the convicts in the State Prison at Auburn, managed to change his dress for a suit of citizen's clothing, and, after taking a turn or two through the yard, walked up to the door with all the sang froid imaginable, and signified to the turnkey, by a smile and a nod of the head, as visitors usually do, that he had taken a sufficient view of the premises and wished to be off. The door was accordingly thrown open, and, tipping his beaver very gracefully, he walked out, with the remark that "he intended visiting the prison tomorrow in company with some ladies," the convict deliberately marched up the street, and has not been heard of since.—Rochester Advertiser.

Locomotives.

The following paragraph will be read with pleasure by the friends of home manufactures:— "At a meeting of the Civil Engineers Institution of London, some time since, the subject of American locomotive steam engines was discussed. It was stated that the superiority of the American locomotive was incontestable. In a trial on an inclined plane an American 'hogie' engine with a cylinder of 12 1/2 inches in diameter, driving wheels 4 feet diameter, weighing 14 tons, conveyed a gross load of 54 tons up the incline at the rate of 12 miles an hour, while the best of the English engines, with a 13 inch cylinder, 5 feet driving wheels, and weighing 12 tons, drew 38 tons up the incline at the rate of 6 miles an hour. It was stated that the American engines consumed a greater amount of fuel than the English." We may add that the only locomotives of American manufacture in England are those of Wm. Norris; and of these there are 15 doing daily duty on the Birmingham and Gloucester Railroad.

Whig Opinion.

After the regular toasts had been drunk at the Whig dinner at Philadelphia on the 4th instant, the following letter was read from Honorable JOHN M. CLAYTON:

NEWCASTLE, DELAWARE, July 3, 1843.
GENTLEMEN: I was honored by your invitation to dine with the Whigs of the city and county of Philadelphia. Though other engagements demand my presence elsewhere, yet in heart and feeling I shall be with you on that occasion.

We are rapidly approaching that crisis in the affairs of our country upon which her destiny, whether for good or evil, must, as I think, futrely depend. The Presidential contest in 1844 will be pregnant with more important consequences than any which has occurred in our past history. Experience has fully demonstrated that there is no possibility of reconciling, by any compromise or half-way course to be adopted, the antagonizing principles which regulate and govern the two great parties now dividing and agitating this nation.

There is no half-way house into which the timid and irresolute may now retreat under the pretext of an affected candor and moderation. We must resume our former honored station among the nations of the earth by the faithful discharge of our State as well as National responsibilities, or we must lie down in shame under the opprobrium of the most degrading epithets which foreigners have recently lavished in profusion upon us. We must restore the currency which the nation enjoyed for 40 years out of the 51 during which the American Constitution has been in operation, or we must re-establish the sub-Treasury and introduce the hard-money system advocated by modern democracy. We must give the poor man, who has nothing but character and industry to depend upon, credit for his capital, or we must sink him to the condition of the laborer in other "hard-money" countries who works for a shilling a day and finds himself. There is now no longer any pretext left for such as have sought to evade the true issue before the country by Exchequer projects or other delusions of a similar character. In the next contest it must be decided whether we shall have a currency worthy of a nation of freemen, or such a one as may contribute much towards making us a nation of slaves. We must have a system that will yield the laborer a fair reward for his toil and enable him to elevate his condition in life by the aid of that reasonable credit which his character as a man and his industry ought to confer upon him, or we must accept the proposition made by our opponents, which confines credit to wealth and property alone, which in the name of Democracy excludes all but those who enjoy property or wealth from trust or confidence, and the inevitable tendency of which will be, not to make the rich richer, to make the poor poorer and to entail poverty on their descendants. With the present Administration the age of experiments and expedients is passing away, and must expire on the 4th of March, 1845.

In the mean time, let us make one gallant effort to save our country from the establishment of an aristocracy among us—from the most detestable of all aristocracies—an aristocracy of wealth, without either talent or merit to gild its galling character. The day and the hour rapidly approach when the other great question must also be finally decided, whether we shall protect our own home labor against the effects of foreign legislation and foreign opposition. In this field, too, there is now no half-way fence or hedge, behind which the political coward can shelter himself any longer. Even the enemies of all "cow-boys" in the approaching contest, and I trust we have now learned to regard them as more dangerous to us than fair and open opponents. As Whigs we have battled so gloriously in the great contest of 1840 are in issue again before the country; and if we lose the victory in 1844, we shall therefor be regarded as having abandoned all for which we so zealously and triumphantly contended.

At this moment the worst enemies of the cause of civil liberty and of that enduring national prosperity for which we are contending, are the timid, weak, irresolute half-way men, and those pretended friends who wish to distract us by bringing out another and a new candidate for the Presidency. With a prospect of victory for the favorite champion of our party blazing in their faces, they wish to give us another available candidate. Let our march be onward under the old banner. That great patriot who, after the Presidential nomination at Harrisburg in 1839, while thousands were yet hesitating, pointed out our course and marshaled us to victory, will be rewarded by the gratitude of every true-hearted friend of the lamented Harrison for his magnanimous self-devotion on that memorable occasion. At that moment of fearful interest to us, no murmur of discontent or disapprobation from him blighted our prospects of success. His voice was raised in our behalf, and immediately the note of anticipated triumph swelled through the mighty masses of our party from one extremity of the Union to the other.

Permit me, then, to offer through you, gentlemen, to the Whigs of the City and County of Philadelphia, amidst the festivities of the glorious Fourth, a name which of itself embodies a thousand patriotic sentiments, and which now carries home to every true American heart its own best and proudest eulogy—

HENRY CLAY, OF KENTUCKY.
"Statesman, yet friend of truth of soul sincere, In action faithful and in honor clear!"
I am, gentlemen, with high regard, very respectfully, your obedient servant,
JOHN M. CLAYTON.

To Morton McMichael, Bela Badger, James Clark, Geo. Hood, and Geo. P. Little, Esqs., Committee.

American Manufactured Goods in England.

The Manchester Guardian, alluding to the American manufactured goods sent to England, which it numbers and divides into their respective qualities says—Although the American price of the cloth general approaches in cheapness to that of similar English cloth, there is only one sample which equals or surpasses it in that respect. No. 5, a sample of a very beautiful and well-manufactured drill, appears to be sold in the United States at 34d per yard, English money, with eight months' credit; whilst the corresponding English cloth—certainly not superior, perhaps a little inferior in quality—is worth at the present time 34d. Indeed these cotton drills appear to be a fabric to which the American manufacturers have paid much attention; and we believe the greater part of the 400 bales consigned to Messrs. Baring Brothers, London, consisted of them. These 400 bales were offered by auction at the Commercial Sale Rooms, Minster Lane, London, on Wednesday last; but out of the whole 400 bales, only about 14 (all of which were damaged) found purchasers, at prices varying from 6d. to 6 1/2d. per lb. The undamaged goods were bought in, at prices varying from 9 1/2d. to 10 1/2d. per lb.; so that the sale throws no light upon the actual value of these American fabrics in the English market. Upon the whole, we feel disposed to say, that although these recent attempts to procure a sale for American cotton goods in this country show that progress has been made in the manufacturing establishments of the United States, and demonstrate the absolute necessity for a repeal of the tax on cotton, which on such fabrics, and in a nicely balanced trade, is quite enough to turn the scale against the English manufacturer in independent markets,—they do not confirm the extremely desponding gloomy views of our manufacturing position which some parties have been inclined to deduce from them. With the exception of the single fabric which we have pointed out, there is still a moderate margin between English and American prices; and, in the finer fabrics (Nos. 4, 7, and 8) the difference is not inconsiderable; showing that, where the cotton tax operates with less weight, our manufacturers are still able to distance their trans-Atlantic competitors.

By the Last Mails.

VERA CRUZ, June 22.

Santa Anna, on the 13th of this month, took occasion to promulgate the new constitution.—It is the most monstrous that has ever been published in any country of the world.

Santa Anna has promulgated a decree extending the period of his presidential functions to the month of January next, retaining during all this time the extraordinary powers vested in him by the 7th article of the plan of Tacubaya; the only article he has respected, because it invests him with the faculty of placing his foot upon all that he has sworn to maintain.

A report was rife throughout the city, that Santa Anna had at length determined to act knowledge the Independence of Texas.

Disasters.

Schooner Declaration, Lowder, of this port, bound from Boston to Philadelphia, was capsized in a squall on the 15th inst eleven miles from the latter place. She was in ballast and it was believed that no lives were lost.

Brig Eturian of Mt. Desert, at New York, in leaving Tobacco got ashore on the bar and threw over deck load of logwood to get off.

Christina Gilmore, for whom a demand has been made by the British Consul at New York, to be given up for the purpose of being carried back to England agreeably to the provisions of the late treaty, on the charge of murder of her husband, has been on examination for several days past before the magistrate to whom the application was made. The examination was closed on Monday, when the matter was argued by Mr. Lord for the British Government and by Mr. Warner for the accused, and the Commissioner took time for consideration. The plea of insanity on which her counsel principally relied, had already been overruled, and the only question remaining was whether there existed reasonable cause for believing her guilty of the charge.

We gave an account, a few days since of the Brig Girard of Bath being abandoned by her crew and left waterlogged on her voyage from New Orleans to Cowes. She was afterwards, on the 30th ult. fallen in with by Ship Prentice, Capt. Paine, of Boston, who took her in tow and continued with her for two days with the view of conveying her into port if possible, but the difficulty of her steering was so great that she was finally abandoned after taking from her the sails and part of the rigging.

Another case of supposed Seduction and Murder in New York.

On Monday last the coroner was summoned to hold an inquest on the body of a young female, apparently about 17 years of age, found drowned at the foot of 36th street, North River. On examination of the body she was found to be enciente and other appearances combined, lead to the belief that she has been the victim of her seducer. Her name and situation are unknown though her dress seemed to indicate she was a girl in humble life.

Louisiana.

The election of Labranche, Loco, to Congress from the 2d district by a majority of 86 votes is confirmed. In the 3d district Gen. Dawson is elected by 600 or 700 majority. In the 4th district the result is still doubtful though it has probably gone with the others.

The question of calling a convention to revise the State Constitution has been passed upon by the people at this election and decided in the affirmative by a large majority.

The two tracks of the Worcester railroad are now open for travel, the whole distance between Boston and Worcester.

The village of Warrenton, Miss. 10 miles below Vicksburg was almost entirely destroyed by fire a few days since.

At Pictou 11th, brig Challenge, Park, Prospect.

CAUTION.

THE public are hereby cautioned against purchasing a note and mortgage signed by us in September, 1835, and given to Amos Patten. Said note and mortgage are advertised for sale on the 15th day of August next at the office of Goss & Upham at Bangor. The note given as described in the advertisement published in the Bangor Daily Whig & Courier, and Democrat, amounts to 1362 1/2 dollars. Said note was obtained by gross misrepresentation, and no part of the sum will be paid by us; and we intend to commence a bill in equity to relieve the land from the mortgage given to secure it.

June 27

PATENT MILL WHEELS.
THE Subscriber having for a long time given his attention to the construction and operation of Water Wheels, has finally succeeded in the invention of two kinds of Wheels for which he has received Letters Patent from the Government of the United States.
These Wheels are simple in their construction, cheap and durable, are easily put in operation, and are not liable like most other wheels to get out of order, they are not obstructed by back water, and the head is not diminished thereby, and the same power and speed is obtained, with about one half the quantity of water usually applied to wheels now in general use.
A great number of these Wheels are now in operation and give in all cases entire satisfaction; and for further information respecting them the following gentlemen are referred to, all of whom have some of said wheels in operation: Jacob Drummond, James B. Fiske, Amos Davis and Leonard March, Esqrs., Messrs. Fiske & Norcross, Foster & Gilman, S. P. & H. Strickland, W. T. & H. Peirce & Co. Bangor; Hon. J. S. Little, Portland; Hon. John Otis, Hallowell; F. A. Butman, Esquire, Dixmont; Robert Treat, Geo. A. Peirce, Esquires, Bangor; Daniel Dennett, Esq. Milo; Col. Henry Orne, Milton; Messrs. Fiske & Bridge, Milford; Ira Wadleigh, Esq. Oldtown; Capt. R. Fitz, Dedham; John Black and John M. Hale, Esqrs. Ellsworth; Messrs. A. Campbell & Co. Cherryfield; Daniel Harwood, Esq. Machias; Levi L. Lowell, Calais.
The above wheels are manufactured and for sale at the Iron Foundries of Messrs. HINCKLEY & EGERY and FRANKLIN MUZZY & Co. in this city, who are furnished with a great variety of patterns, so that Wheels of any particular description, or adapted to any given head of water, can be furnished at short notice. They are also authorized to dispose of the Patent Right for the same.

DR. J. C. FLEMING'S CELESTIAL BALM OF CHINA.

statements honest, plain and true. Will you believe and profit by them, or neglect and suffer.

THIS Balm or Salve will be found unlike any other preparation. There is no Fiction or Imagination in its qualities. It will cure any sore that can be cured at all. It will take out inflammation, take down swellings; and by thorough friction over the parts externally, will by counter irritation, move inward soreness to the surface.

A YOUNG WOMAN, for years afflicted with a running sore, called a fever sore, cured by the use of this Balm in about three weeks.

A CHILD, with great hoarseness and difficulty breathing, relieved and cured by rubbing it well on the chest and stomach, and covering a pannel with the Balm and laying it over the breast.

A JUDGE of one of our courts had piles several months without knowing the name of his complaint, until he used this Balm and was cured.

A GENTLEMAN who had an attack of piles every year regularly for ten years, cured himself five years since by this Balm, and though himself threatened at least fifty times since, has kept off an attack by rubbing on the Balm when any uneasiness, soreness, or fullness is felt about the parts.

A PRISONER cut a frightful gash in his foot with a piece of broken glass; he was cured in a few days by the Balm. The same bottle cured all the sore fingers, legs and feet in the prison.

AT THE ASYLUM for Aged and Indigent Females, it has been used with signal success. One of the lady patronesses, Mrs Nixen, has felt her name, and wished sufferers referred to these letters.

NO MAN OR WOMAN can possibly have the PILES if they use this Balm well when they feel any uneasiness about the parts. It is far better to prevent than cure any calamity or ailment.

DIRECTIONS, &C., FOR ITS USE.

FOR THE PILES.—If the parts are very sore, reduce a little of the Balm by mixing half laid with water. After one or two trials that way, you must use it without reducing it. You never can use too much of it at a time—if a whole bottle could be absorbed in two applications, by long friction, it would be all the better.

IF COSTIVE, use it well before going to stool—this will do wonders.

TO PREVENT any attack of the Piles, you must use it whenever you feel a fullness of the part, and an attack will be impossible. Hundreds thus *keep off* this dreadful complaint entirely.

INTERNAL PILES

May be reached by injecting it with a syringe, with a large open point to it. This syringe, made

expressly for injecting this, and the Dalley's salve, or Hays' liniment, may be found with those who sell these articles. See drawing. Or in some cases may be reached with the finger, or covered

with a piece of silk smeared with the Liniment.

PROJECTING PILES.

That won't return at all, may be reduced by white lead, ground in oil, and put on over-night, say a spoonful from a paint shop.

VERY COLD WATER should be applied by washing the parts well after stools, particularly if just before bed-time.

In very old cases of Piles, when there is apparently a deposit and discharge from the parts, or when the parts are very sore or inflamed, use "DALLEY'S PAIN EXTRACTOR" alternately with the "CELESTIAL BALM," and your cure is certain. Use the syringe.

Hoarseness, etc.

IN DIFFICULT BREATHING—Spread a on linen or flannel, and lay it on the breast, after having rubbed the breast well with it—the relief will be felt directly. So with Coughs, and especially with Hoarseness, or Sore Throat—rub till the skin becomes tender, then spread it on flannel and bind it on, and you may depend it will cure you. If you do not believe it now, you will when you have once tried it.

Rheumatism

RHEUMATISM, and all pain in the joints, and stiffness, must be cured by it by rubbing the part until the skin becomes tender, and then binding more on well with flannel.

gists, 71 Maiden Lane. New York.

(F) For sale by G. W. LADD, corner of Smith Block, A. P. GUILD, Exchange street, G. W. HOLDEN, West Market Place, and N. B. FOLSOM, Jr, Bangor

Sept. 27. d3taw&wly

HIGHLY ESTEEMED MEDICINE.
FOSTER'S EGYPtian BALM OF LIFE.
OR NATURE'S GRAND AND GENIAL AUXILIARY.

A SPECIFIC For Consumption, Great Pectoral Debility, Old and firmly Rooted Coughs, Phlaryngitis, Inflammation and Billious Disorders, Constiveness and Diarrhea, Scorbatic and Scrofulous Affections and Female Complaints.

The Egyptian Balm of Life being an invaluable Family Medicine, should not be neglected in the Spring or Fall by any member of a family, as a Grand Auxiliary to the action of nature in throwing off superfluous humors, generated in the winter and summer months, thus preventing as well as otherwise curing the above distressing maladies, and giving a healthy tone and impetus action to all the grand operations of the system.

This Medicine has long sustained an unrivalled character for excellency in the private practice of eminent practitioners in Europe, yet remaining at the same time undervalued in the possession of the Practitioner of whom it has been purchased.

It is now exerting a salutary influence on this side of the Atlantic, and it is recommended to those who are laboring under any of the diseases for which it is designed as a specific, and also as a preventive of disease, on its first appearance.

For a more particular description of the above medicine we would refer to the envelope accompanying each bottle.

Many valuable certificates might be produced of the benefit received therefrom. Hundreds in the State of Maine, as well as in other States, can testify to its superior efficacy, but the proprietor is willing for the public to judge for themselves by trial. A few names however, are referred to in the envelope accompanying each bottle.

Foster's Celebrated Nerve Ointment.

For the cure of Sprains, Bruises, Cramps, Rheumatism, Contracted Muscles, Croup, Throat, Stiff Neck, Pain in the Breast, Back or Joints, Throat Disinfection, the Plague, &c

The general testimony concerning this Ointment, from those who have proved its merits, is, that it is too valuable a medicine to be neglected. And indeed we might fill a book of an hundred pages in giving incidents of its happy effects on the suffering.

N. B. The above medicines are prepared only by W. J. L. & Co. and are sold by all the principal druggists.

At Greenough, Portsmouth, N. H., and sold wholesale and retail by him.

Also, sold wholesale and retail by G. W. LADD, Boston; sold also by Eld. C. Ripley & J. Knowlton, Newburg, Wintrop Frost, Lincoln, S. Lang, Palmyra; H. G. Washburn & Co., Belfast; G. Greene & Chubb, Portland; Luther Burck, North Prospect; Robert Tremont and J. B. Chick, Frankfort; Arty & Towns, Hampden; Richardson & Kennedy, Old Town; E. F. Butler & Co., Orono.

WOOL MANUFACTURED.

The Subscribers will receive Wool to manufacture by the yard or on shares; and having been engaged for some years in making goods for BOSTON AND NEW YORK MARKETS, they are prepared with the best of workmen and machinery to do justice either to fine or coarse Wool.

Wool that has not been well washed on the sheep will not be received without an allowance for extra weight. They have on hand a quantity of goods which they will exchange for Wool. The prices for making by the yard will be the same as at other mills in the vicinity.

Wool left at the store of Isaac FARRAR & Co
at Bangor, will be taken and the Cloth returned
there free of expense.
